empowering the workforce of today and tomorrow

Impact Report

We believe that everyone deserves the chance to flourish and lead a life infused with hope, acceptance, and purpose.

Pillars and Partners

Maximizing Human Potential
Everyone has something unique to offer. We work to eliminate barriers to success for the differently abled, the disadvantaged, the aging workforce, veterans, and for caregivers.

Current Partners: i.c. Stars, Aspire, YWCA Racial Justice League

Need-Based Community Outreach
We consider ourselves very fortunate to have the fruits of our company’s success. We give back our time, talent, and treasure to help others fulfill their basic human needs for safety and security as the foundation for engaged and high-performing communities.

Current Partners: Blessings in a Backpack, Feeding America, Soldier’s Angels, Red Cross

Standing up to Mental Health Stigmas
Mental health is an important people and workforce issue. We run campaigns, promote education, and advocate to become a leader of hope in all aspects of mental health awareness.

Current Partners: National Alliance on Mental Illness, Storybolt

Liberating through Education
Education and literacy can unlock the doors to success. We work to eliminate gaps for disadvantaged and differently abled children, adults, and minority groups, allowing all to reach their full potential.Current Partners: Big Brothers Big Sisters of America, Bernie’s Book Bank

Diversity Leadership Council
Meet the Diversity Leadership Council

**Tauhidah Shakir**  
DLC Chair  
Chief Diversity Officer and VP of HR  

By having a team of cross functional leaders focused on DEI, I hope to ingrain DEI into the fabric of everything that we do at PCTY. Leading the DLC is important to me because through my personal experiences, I understand what it feels like to be on the outside looking in and how impactful it is to be heard, seen, and valued.

**Rebekah Wolford**  
DLC Co-Chair  
HR Director, Product and Tech  

I’m excited to be a part of the DLC where we will serve as thought aggregators on DEI, using insights gleaned from our employees and from DEI best practices to create programs that drive social change within our virtual walls.

**Ruben Carvajal**  
Lean Six Sigma Black Belt/Business Ops  

Because of my Latino background, I’ve experienced firsthand some of the challenges a person will face integrating into a new culture. This understanding fuels me to elevate voices of underrepresented minorities and create developmental opportunities for their personal growth.

**Van Dickerson**  
Director of Sales  

I hope to be a voice of reality and a conduit to real relationships to help eliminate all unfair treatment and to promote the understanding of differences.

**Jamie Grasso**  
Director of Corporate Social Responsibility  

I’ve focused my nonprofit work in the areas of diversity, equity, and inclusion, need-based community outreach, and differently-abled services. After working with Paylocity on a consultancy basis, I joined the team officially in August of 2019 to assist in bringing the vision of corporate citizenship to life for PCTY.

**Sunny Bhatia**  
Director of Sales  

As a passionate individual with a diverse background it is important to me to bring multiple individuals into Paylocity to help develop DEI best practices that will help me better understand how our company will grow and make a long-lasting impact for diversity and inclusion.

**Andy Cappotelli**  
Chief Accounting Officer  

My initial goal for the DLC is to develop a set of strong foundational principles that help to further enhance Paylocity’s commitment to a diverse and inclusive culture.

**Jan LeTourneau**  
VP of Implementation  

I’m excited to help define what diversity means for Paylocity, how we grow and appreciate diversity in our teams and finally, how we empower diverse thought and leadership in all levels of our organization.

**Cammie Bricker**  
Director of Internal Training  

Making a positive impact on our organization is very important to me. I believe we all have a role in supporting diversity, equality, and inclusion and I am confident the DLC can influence forward progress.

**Mukul Varma**  
Director of Product and Tech  

I am passionate about this opportunity because I want everyone to feel included in a diverse environment that brings out the best in us. We can accomplish so much together, not only as a business – but as human beings.
Employee Resource Groups

Our differences make us unique, and we actively support these differences and work to create communities within Paylocity through our Employee Resource Groups (ERGs). These groups are organized around shared characteristics, interests, and life experiences to provide employees the opportunity to build connections, have their ideas heard, and shape our culture to make a difference at work and within the community.

**pcty equality**
Ensuring professional development opportunities and a positive work environment for all LGBTQ+ individuals

**pcty oneworld**
Fostering an inclusive culture for people of all backgrounds to bring their whole self to work and assist in recruiting, developing, and retaining a diverse workforce

**pcty sheroes**
Building a community where members connect, support, and develop in a trusting space, while celebrating empowerment and driving positive change in diversity and inclusion for women

**pcty virtual connect**
Inspiring, nurturing, and connecting Paylocity’s remote employees by minimizing the miles that separate us

**pcty sustainability**
Focused on improving sustainability and conscious consumerism at Paylocity by working together to offer resources and actionable items for PCTY employees to live greener – at work and at home.

Sustainability

Big impacts often start with small actions. We operate our facilities in ways that conserve energy, water, and raw materials.

**Reduce**
We are on the lookout in every corner of our business to find ways to reduce material waste.

- Daylight Harvesting systems in place result in 40% less energy used in open office workspaces and an overall 38% reduction in energy consumption
- We help employees and clients leverage digital to minimize wasteful printing.

**Reuse**
No one-hit wonders for us! We steer clear of single-use materials where possible.

- On average our largest locations save over 1,200 disposable plates a day and over 1,400 disposable cups a day.
- Our total count of plastic water bottles saved across the company exceeds 110,000 and counting!

**Recycle**
We believe in second chances. We try to use materials that can be repurposed.

- We pick biodegradable and recyclable materials whenever possible.
- Setting a good example is important, but we also use our influence for good on our vendors and local non-profits to convince them to make environmentally conscious choices.

**Respect**
We don’t want to be too extra – we try to only take what we need

- We monitor events to ensure we provide just the materials we need without excessive waste.
- We request that our vendors not provide plastic or single-use materials.

**Remember**
We keep in mind those whose needs are great.

- We work with vendors who also give back to the community.
- We partner with organizations to give our time and resources to local charities and schools.
